*"...spiritual principles would solve all my problems."*

"Quite as important was the discovery that spiritual principles would solve all my problems. I have since been brought into a way of living infinitely more satisfying and, I hope, more useful than the life I lived before. My old manner of life was by no means a bad one, but I would not exchange its best moments for the worst I have now. I would not go back to it even if I could."

*Alcoholics Anonymous, Pages 42-43*
